How to rent Uhaul truck
– GoFastEfficient.com

1. Start by going to www.uhaul.com

2. Type your start address in the "Pick Up Location*" box

3. Type your drop off address in the "Drop Off Location" box

    o Only if you're going to another city or state

4. Choose your pick up date

5. Click "Get Rates"

6. Select your truck size (This depends on the size of your house and bed rooms)

7. Select Uhaul dealer. The list is order by the closest Uhaul dealer to your location

    o We recommend selecting the dealer that is closest to your location but also has

      good reviews

8. Select pick up time

9. Continue

10. We recommend Counter Pick Up but they have Mobile Pick Up

    o Download the Uhaul App on your phone before pickup

11. Select damage protection

    o We recommend Safemove Plus® to all of our clients

12. Select if you want SafeTrip®

13. Dollies and furniture pad

- We recommend getting at least 1 dozen

14. Select the supplies you need

  - We recommend going to your local dollar general for FREE boxes before paying or using boxes from previous moves

15. Moving Helpers

  - No thanks, I do not need help

16. Check Out
